Dena Byers Teacher Training Workshop

In this workshop, we will explore activities that focus on body percussion, speech, singing, pitched and non-pitched percussion and the learning stages used in Orff Schulwerk: Imitation, Exploration, Literacy and Improvisation. We will also experience effective lessons that utilize a developmental, step by step teaching sequence. Participants will sing, say, dance, play and experience the process to implement creative, collaborative and critical thinking skills that are essential in a 21st century music classroom.
